Date: 11th April 2019

Priority: High

Venue(s): Aquis Exchange PLC (AQXE) & Aquis Exchange Europe (AQEU)

Subject: Update to Aquis Exchange Brexit Plans

In view of last night's announcement that Article 50 has been extended until 31st October 2019, Aquis Exchange would like to confirm that it will delay its previously communicated plans for Brexit until there is a further update regarding the date and terms of the UK's exit from the European Union.

The provisional plans that Aquis Exchange communicated in Member Notice 2019_0015 (dated 9th April) will *not* be implemented at this time. Further notices will be provided to our members, vendors and CCPs following Brexit developments.

The 12 pilot securities that are currently available for trading on Aquis Exchange Europe will remain available for trading.

All other securities will remain available for trading on Aquis Exchange PLC and we will continue to maintain a single security reference data file until further notice.

Aquis will continue to work with its members, vendors and CCPs to ensure preparation for Aquis' dual-list trading capability.
